GET WELL SOON

Our best wishes to everyone who has been poorly in the village. Here are some residents that we have heard about:

To Janet Welham our hugs after her recent return from hospital and a speedy recovery from a successful knee operation. We hope to see her walking round the village in more comfort soon!

To Wally Damant whose operation was a success but whose full recovery was slowed down by a poisoned finger we send our regards. Hope your steady progress continues!

To Claire Trotman after her recent and forthcoming stays in hospital we send our very best wishes. Baby Jasmine must be getting lots of cuddles at the moment. Our best wishes to Dan, Linda and Mike through this difficult time.

WELCOME

We welcome John and Moreen Osborne who have moved from Woodbridge into a bungalow in Westerfield Lane formerly called "Lismore" but now renamed "Fairbanks" after a town in Central Alaska which they visited recently. They are both keen ballroom dancers and enjoy competition dancing. Though NOT twitchers they enjoy birdwatching. John expressed an interest in the pantomime.....!

PANTO TIME

Calling all who would like to "tread the boards" or be involved in any way in the village pantomime!
